

January 4, 2012

Dear Battlefield H.O.G. Chapter members,

On behalf of the Battlefield H.O.G. Chapter, I would like to express my most sincere appreciation for your efforts in raising money for our USO Chapter Challenge to support the U.S. troops. The chapter as a whole raised \$2,606.00 for this worthy cause and will be receiving special recognition by Harley Davidson, which we could not have done without the generous support of all of you. The top fund raising chapter will receive a special honor in addition to the recognition mentioned above, which will be announced sometime in January. Of course, being the top fundraiser was our goal from the start, and we are excited and hopeful we have a strong chance of having this special honor bestowed on our chapter. Either way, we are proud to know that we were a part of this cause and raised a remarkable amount with your help!

Participation was voluntary, and the efforts by our members, who took the contest to heart and found creative ways to raise money - challenges at their workplace, asking friends and family, personal donations, collecting at meetings, raffles, and pictures with Santa - are not surprising. That is the power of many who are blessed and take the time to support others who need our help. Battlefield H.O.G. Chapter knows how to rise to the challenge!!

The funds will be presented to the USO during a ceremony, and dollars raised will be used to purchase USO care packages for soldiers. Whether you are a motorcyclist or not, you can take personal pride knowing that you gave support to our chapter's effort and to an organization whose mission is to lift the spirits of U.S. troops and their families by providing support, programs and entertainment to them across the globe. They make sure your help goes to those who need it the most: troops serving in combat, their families, wounded warriors and their families, and families of the fallen.

God Bless and thank you for your support!

Barb
